

# People's Culture Program

July-December 2024

From the very beginning of the establishment of the Proshika Human Development Center, the program has been using this program to raise awareness about the socio-economic development of the people behind the society. Songs, plays, lyrics, lyrics, and traditional cultural activities of the people of Bangladesh, have been widely accepted by the organized pioneer members of the village/maholla using the traditional cultural activities of the people of Bangladesh. This program has been conducted since the beginning of Proshika.

The program has been using this program to raise awareness about human rights, deprivation, education, health, women's rights, child marriage, climate impact, environmental agriculture, empowerment etc.

Cultural service is a significant task in celebrating National and International Day. Thousands of mass cultural groups across the country have been operating this program.

In the current context, illegal drug trafficking, business and use of the anti-business are displayed, Drug awareness Telefilm, titled “Amar Shontan Amar Bhalobasha” was produced and uploaded to YouTube

(Link: <https://www.youtube.com/watch?v=iTOLKTolqEI&t=1736s>).

The plan of the drama has been made by highlighting women's exploitation, deprivation and immortal problems. There is a conscious scene on how the indigenous women will be small entrepreneurs to overcome the problems. Orau indigenous peoples commented on traditional and perform music. They are able to use this song, music and dance in the play. Viewers have also been able to understand and understand the subject of the drama.

In addition, the cultural team of the Central's Office performs different days. Various plays, songs and recitation are also served on government invitation.

It is also arranged for the edit of the program video and photos by this program. In August, documentary was produced on videography's and photographs for the production of the SUFAL project, videography and photos of free medical service

in Feni after flood 2024, videography's of the cup rearing in the Bhaluka and the documentary of all the activities of Proshika has been done in 16 minutes video clip.
